Tailwind

Bootstrap

Redux

Firebase

ADDITIONAL INFORMATION

Strong in writing clean, efficient, and scalable code.

Quick learner with excellent problem-solving skills.

Passionate about building real-world web solutions.

EDUCATION

Bachelor of Computer Applications

2023–26

MINERVA COLLEGE OF EDUCATION, INDORA

Senior Secondary

2023

Government senior secondary school, Kakira

Matriculation

2021

Sai Public High School, Nainikhad

PROJECTS

1. GradeMeet (A.I. Powered Learning Platform)

- Built GradeMeet, a note-sharing platform that allows users to upload and access study notes efficiently through a clean and responsive interface.
- Integrated AI-powered features like automatic note summarization and question generation to enhance learning and improve study effectiveness.
- Made use of Redis, Nodemailer, Firebase.

2. Spotify Clone

- Built a Spotify-inspired music player using HTML, CSS, and JavaScript.
- Implemented play, pause, next, previous, volume, and progress controls.
- Designed a responsive and modern user interface with smooth animations.
- Developed dynamic playlist and song management functionality.
- Enhanced user experience with interactive components and mobile-friendly design.

OTHER HIGHLIGHTS

Hands-on experience in building full-stack web applications.

Strong understanding of RESTful APIs, authentication, and database integration.
